## **Our Grief and Accepting the New Year**

*If we have courageously worked with our grief over time, we may look to this New Year with interest and wonder what it will hold for us. We might even feel eager to throw open our door and welcome this New Year. The swelling around the wound of our loss has gone down some.*

*We find comfort and joy in knowing we did all we could and that we loved well. We were enriched by our love and now know deeper compassion for all who suffer. We recognize life is a gift to enjoy with whoever crosses our path.*
